## 1. STOCK & PUBLISHING

- Multi-channel publishing – Website, 2dehands, Autoscout24, social media.
- Autoscout import – Automatically update your existing stock in seconds.
- Real-time sync – No more mismatched prices or photos.
- Auto-bumping – Keep marketplace listings visible.
- Auto social posts (Facebook) – Announce new/updated vehicles automatically.

## 2. STOCK MANAGEMENT

- Central stock hub – Add/edit once; remove when sold.
- Manage all your vehicles in one overview; keep track of profit margins,
- See how long a car is not sold
- Automatic price drop possibility ; dashboards and statistics

## 3. EMAIL MARKETING, CRM & SALES

- Generate PDF price cards – Branded, QR-enabled to put on your car
- Send out Quotes in less than one minute.; 100% conform legislation
- Send out mass mails to your export list, other car dealers or regular clients
- Include car specific information and link back to information.

## 4. EASE OF USE, MOBILE & COLLABORATE

- Clean, simple UX – Designed for speed; minimal clicks.
- Mobile app – Manage stock, send out offers and invoices on the go.
- Work together with colleagues, by sending emails, leaving comments and seeing the complete history

## 5. INVOICING & PEPPOL CERTIFIED + CARPASS INTEGRATION

- Create invoices with literally one click from your sales offer
- PEPPOL e-invoicing – Send compliant e-invoices via the EU standard.
- Receive e-invoices and link them to your vehicles as a cost center.
- Upload the mileage of your vehicle to Carpass
- Directly accessible in platform
- Send as attachment in sale offers.

## 6. DESIGNED WEBSITE (NOT IN STANDARD SUBSCRIPTION)

- Get a designed and professional website
- Keep your site updated without an agency; supports multiple languages.
- Live chat + chatbot – Answer FAQs and capture leads 24/7
